**DETAILED ACTION**  
**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Sumner Rosenberg on Thursday, July 16, 2009.

The application has been amended as follows:

In claim 23, after delivering, the phrase "a gas to the nasal passages and", have been deleted and "gas to a patient during and after an endoscopic procedure to" was added in line of claim.

In claim 24, after delivering, the phrase "a gas to the nasal passages and", have been deleted and "'gas to a patient during and after an endoscopic procedure to" was added in line of the claim.

28. (Currently Amended) A method of delivering gas to a patient during and after an endoscopic procedure using apparatus comprising a gas distribution manifold having a gas inlet port, a nasal gas outlet port, an oral gas outlet port, and attachment means

for attaching the manifold to the patient, and a annular bite block detachably connected to the manifold, the method comprising the steps of: attaching the apparatus to the patient using the attachment means with the bite block located in the mouth of the patient; supplying gas to the patient via the gas inlet port, the nasal gas outlet port, and the oral gas outlet port; performing an endoscopic procedure on the patient while continuing to supply gas to the patient []; removing the bite block from the patient and detaching the bite block from the manifold while leaving the manifold attached to the patient; and performing one or more further procedures on the patient or allowing the patient to recover while continuing to supply gas to the patient via the nasal gas outlet port and the oral gas outlet port].

Please add the following new claim 29:

29. (New) A method of delivering gas to a patient during and after an endoscopic procedure according to claim 28, further comprising the step of: allowing the patient to recover while continuing to supply gas to the patient via the nasal gas outlet and the oral gas outlet port.

***Claims Allowed***

Claims 1 – 21, 23 – 24 and 28 – 29 are allowed.

2. The following is an examiner's statement of reasons for allowance: the subject matter of the independent claim could either not either be not found or was not suggested in the prior art of record. The subject matter not found was an endoscopic mouthguard comprising a bite block comprising a generally annular body adapted to be inserted into the mouth of a patient so as to maintain the upper and lower teeth of the patient in a spaced apart relationship and define an endoscopic passage for introduction of an endoscope into the oral cavity of the patient, the bite block including a gas delivery passage for delivery of a gas to the oral cavity of the patient; and a gas distribution manifold detachably engaged with the bite block, the gas distribution manifold comprising at least one inlet port for receiving gas from a gas supply; at least one nasal outlet port in fluid communication with the inlet port and adapted so as to direct gas to or toward the nasal passages of the patient; and an oral outlet port in fluid communication with the inlet port and configured such that when the gas distribution manifold is engaged with the bite block the oral outlet port is in fluid communication with the gas delivery passage, attachment means for attaching the manifold to the patient so as to hold the manifold in position on the patient when the manifold is disengaged from the bite block; and when the gas distribution manifold is disengaged from the bite block and the bite block is removed from the mouth of the patient the oral outlet port is adapted to direct gas over or toward the mouth of the patient, in combination with the other elements of the apparatus recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
